Funeral Services For Kenneth Angel

Funeral services were conducted for Maurice Kenneth Angel, 22, of Pahokee Tuesday afternoon at the Pahokee Baptist Church with the Rev. Holke H. Shirley, pastor in charge of the service, and the Fred and Percy Mansfield American Legion Post No. 90 conducting the military rites at the graveside in the Port Mayaca Cemetery. The Rev. A. J. Lively acted as chaplain for the military service.

Mr. Angel was killed early Sunday morning in an automobile accident when returning to his home from South Bay. His car left the highway between South Bay and Belle Glade in front of the Negro Labor camp when a tire blew out and crashed into a telephone pole. He was rushed to the Belle Glade Hospital but died soon after his arrival.

He enlisted in the U. S. Navy in May 1944 and served as a shipfitter 3rd class USNR until May 18, 1946. He saw combat service in the Pacific Theatre.

He is survived by his parents, Mr. and Mrs. Leslie Angel of Pahokee; 2 sisters, Mrs. Olva Vene Pierce, Belle Glade and Imogene Angel, Pahokee; 2 brothers, Albert and Charles both of Pahokee. Pallbearers were: Jack Bush, Tunney Murphy, Melrose Thompson, Hillburn Murphy, Ray Thompson and J. D. Chancy. Berry's Funeral Home was in charge of funeral arrangements.

Third Army Day To Be Celebrated Aug. 1

JACKSONVILLE — Lieutenant General Alvin C. Gillem, USA, Commanding General of the Third Army Area, of which Florida is part, has issued an Order of the Day calling for commemoration of Monday, August 1, as "Third Army Day," according to Major Richard H. Cooper, CE-Reserves, of the Public Information Office.

August 1 is the fifth anniversary of the date on which the famous Third U. S. Army became operational in France under the brilliant World War II leadership of General George S. Patton, Jr. The Third Army, through the Florida Military District and its Commanding Officer, Colonel R. G. Howie, still plays a vital role in preparedness.

The District has 11 sub-districts, is responsible for 16 recruiting stations, and has 8 ROTC units in operation. It handles the training activities and personnel problems of more than 10,000 reservists with 377 reserve units activated, of which 62 are taking part this summer in training camp programs. Eighty-seven Florida units are part of the Mobilization-ready "18-25 Division Striking Force."

Lions Club Purchase 50 Used Lockers

The Pahokee Lions Club has purchased 50 used lockers from the Kagan Equipment Company in Miami for the City Swimming pool. Clyde W. Alley, city recreational director, purchased the lockers which will be painted and installed within the next week. Twenty will be used for the men's dressing room and 30 for the women's.

Gas Stealing May Come To A Halt

WEST PALM BEACH — First arrest in a two-year search for gas and oil thieves who've been preying on Evergladiers was claimed Tuesday in criminal court by Raymond Mock, deputy constable of Belle Glade.

Mock hauled before Judge Edward G. Newell a defendant, Charlie Powell; a 15-year-old boy named Paul Langford, described as Powell's stepson; and Troy Williams, 12, all of Belle Glade.

A criminal court information charged Powell with contributing to the delinquency of the two boys and with petty larceny of gas and oil from Archie Lee Compton of the Belle Glade area July 21. Mock said he suspected Powell of other thefts.

The deputy constable said that, on Powell's arrest, he found the two boys in a nearby canal, standing up to their mouths in water. Questioning indicated the two boys had taken to the canal in flight when Powell was arrested. Twelve-year-old Troy was "almost frozen" and had to be wrapped in blankets after 45 minutes in the canal, Mock testified.

Powell was acquitted of the charge of contributing to delinquency. He was sentenced to pay \$150 fine or go to jail 90 days on the petty larceny charge.

Economy Block Sees No Tax Need

TAMPA — The so-called "economy block" of the state legislature is reported to have developed sufficient strength to claim a majority of the members of the house of representatives and, if this is the case, a stormy battle can be expected in the special session called by Governor Warren for the purpose of raising taxes to provide the \$60,000,000 additional revenue the administration claims is needed for the 1949-51 biennium.

Key spokesmen for the economy block of the house have been conducting a vigorous campaign among house members in an effort to swing them to the economy side in opposition to those who are screaming for additional tax money.

These members are Representatives Thomas B. Dowda of Putnam, James A. Hale of Sarasota and D. Graham Copeland of Collier who claim that no new taxes are needed and have taken the lead to defeat the effort of tax spenders to increase taxes.

New Home Started For Loan Association

Construction has started in Belle Glade on a new building for the Everglades Federal Savings and Loan Association, according to Hugh J. Bratley, secretary of the organization. It is located on Avenue B.

Mr. Bratley said that the new building will be fifty feet by seventy-five feet, one story high, and equipped with modern air conditioning.

In commenting upon the semi-annual statement, published to show condition of the Association on June 30, 1949, Mr. Bratley said: "We are very proud of our statement and the healthy state of our business it reflects."

Courtesy Program By Greyhound Lines

JACKSONVILLE — Florida Greyhound Lines observed on July 19 and 20 a system-wide courtesy and efficiency drive among all employees of the organization. The purpose was to focus special thought on certain features of operation and service. Safe driving, courtesy and appearance were some of the important things highlighted in the two-day drive, by personal contact and educational bulletins.

According to P. G. Howe, president of Florida Greyhound Lines, courteous agents and drivers are always efficient and, in addition, the courteous driver is invariably the safe driver. A supervisor contacted each employee and detailed objectives of the drive.

Mrs. Ora W. Powell and daughter, Margaret, are spending a vacation in Hendersonville, N. C. On their way up they visited Mrs. Powell's son-in-law and daughter, Maj. and Mrs. H. R. Defuniak at Ft. Jackson, S. C.

Pfc. Claude Mack McLarty, son of Mr. and Mrs. George McLarty of Pahokee, graduated from the U. S. Army School of Intelligence in Nuremberg, Germany July 10th. Claude Mack was selected for the special training with four others from his battalion.

Former C. P. Resident Has Heart Attack

Dr. George B. Sartoris, Principal Agronomist, Division of Sugar Plant Investigations, Beltsville, Md., who has spent considerable of the past 22 years in sugarcane breeding and variety research at Canal Point, suffered a sudden heart attack on July 17 and is presently confined to the Cheverly Hospital, Washington, D. C. It is reported that he will be at the hospital for 2 to 3 weeks after which he will be required to spend 2 to 3 months resting and recuperating under a specialist care at his home in College Park, Md.

City Council Pays \$11,000 For Equip.

At a meeting of the Pahokee City Council Tuesday evening members voted to pay \$11,000 for equipment for the new hospital which has already been purchased by the Northwestern Hospital Board when the Board signs a lease taking over the operation of the hospital which was built and financed by the city.

Councilmen also voted to purchase rock and oil to finish the new street recently opened in Negro Town by County Commissioner Paul Rardin. The road will be known as Rardin Rd. Clerk W. P. Walker was authorized to ask the Florida Power and Light Company to erect 4 bracket lights to replace 4 white way lights on North West First St.

RDB Discuss Needs Of Palm Beach County

Palm Beach County "needs" were discussed at the monthly Board meeting of the Resources Development Board Directorate last Thursday night in its monthly session.

There was no dissenting opinion to the premise that we need more year round business. President A. E. Kirchman, P. deMoya, R. D. Hill and others expressed the sentiment of the Board that more effort must be placed behind the development of Industrial payrolls.

Recognizing the value and importance of our tourist trade as the number One basis of our economy does not conflict with or eliminate the need for industrial and agricultural expansion in the opinion of Board members.

RDB is prepared to spend a limited sum of money in a "pilot" or experimental test campaign to procure manufacturing prospects. Those who respond to our ads must be carefully followed up; we must conscientiously determine whether or not our area is the proper location for their plants. Any new industry not well founded, and which ends in failure gives our community a "black eye" declared President Kirchman at the RDB Board of Directors meeting last Thursday night.

All areas of the county are urged to determine when they wish their local RDB meeting. Every community has three directors and the directors are instructed to plan the dates, agenda and program for a constructive local meeting designed to further every section of Palm Beach County proper.

Rubber Bands For Worm Substitute Not Silly After All

Who said there isn't anything new under the sun? Certainly not fishermen who have tried "Fast-Bite" Fish-Bait. Manufacturers have gone nature one better by creating an easy-to-use fish bait that squeezes out of a tube, producing a worm-like substance that is sure-fire bait any time of the year.

Made of a combination of fish oils and chemicals and fabricated with fibrous materials to add strength and durability, the bait remains a red color indefinitely and will not crystallize at low temperatures or dry out in the tube. "Fast-Bite" is non-toxic, insoluble in water and stays on the hook in strong currents. Each tube contains enough material to supply about seven feet of "worms."

The Fishing Editor of The Everglades News has taken a lot of good natured kiddin' during the past few weeks since he discovered good worm worms. For more than 10 years now we haven't bothered digging worms when we wanted a mess of fish. We just opened the drawer of our desk, picked out a few big red juicy rubber bands and took off. Our catches have proved beyond any reasonable doubt that a fish can't tell a worm from a rubber band.

For many, many years fish have been hittin' a wood plug and all the time they thought the plug was a minnow. If they don't have any more sense than to hit a wood plug why should they be smart enough to tell a rubber band from a worm? It looks like the fellow who has invented this new kind of plastic stuff that you squeeze out of a tube has something. Seems a lot easier than gettin' out in the hot sun and diggin' for worms.

It's peculiar how some folks have ideas just ten years ahead of the times, isn't it.

Committees Named For Rally Day School

At a meeting of the Sunday School teachers and officers of the Pahokee Baptist Church Monday evening plans were discussed and committees named to be in charge of the annual rally day for the school which will be September 18 and promotion day which is scheduled for September 28th. The school has set as its goal for Rally Day attendance 300 pupils. The committee named to be in charge of the promotion day exercises. She will be assisted by Mrs. Claude Shirley and Mrs. R. S. Douthit.

Plans were also discussed for a teachers training school and enlargement program for the school which will be held Oct. 23-25. At this time six accredited workers from Jacksonville will teach classes and assist with a religious census in an effort to increase the school enrollment. The committee named to be in charge of arrangements for the school and entertainment for the workers was Mrs. Homer Barnes, Miss Elizabeth Caraway and Mrs. Chester A. Batchelor.

B. K. Roberts measures up to that high standard of professional competence and personal integrity that Floridians long have demanded of the justices of their Supreme Court.

If that fact were not already apparent from his public record, then let the people of Wakulla County—those who should know him best—testify in behalf of this neighbor, friend, kinsman.

We of his home county have gloried in the recognition which has come to the man we familiarly know as "B. K."—the recognition of distinguished professional service such as his high offices in State and local bar associations, and the recognition of patriotic service such as his merit promotion in the armed service during World War II.

Yet this abundant success in the practice of law and success in the field of commerce has not turned the head nor chilled the heart of this lad from Sebago. He brings to Florida's highest court the simple dignity of a friendly man, not assumed austerity.

We applaud B. K. Roberts now for this well-deserved honor; we who have known him the best and the longest, vouch for his integrity and ability; we are grateful to Governor Warren for this public endorsement of our neighbor and friend as one of the ablest of Florida's lawyers, and we urge our neighbors of all Florida to honor next spring the time-honored democratic custom of allowing an appointee to complete the unexpired term without election contest—Wakulla County News.

News Notes From State Capital

TALLAHASSEE—Governor Warren sounded his first optimistic note with regard to state finances this week. He issued a statement saying he felt real steps were being made toward a solution of Florida's financial problems. The Governor told of almost daily conferences with various legislators since the legislature adjourned, and announced other series of conferences ending last weekend at Wakulla Springs, near Tallahassee. Out of these conferences he said, "only good can come. Already there has been considerable clarification in official thinking on the state's financial condition. This to me is a reasonable indication that we are making real steps toward a solution of the staggering problems facing our schools, old folks, dependent children and health and correctional institutions."

TALLAHASSEE—The 1949 citrus code is apparently going to be the first new law tested in court. This highly controversial law came under fire this week when citrus growers were told that state law had no control over fruit moving in interstate commerce. The new state law permitting bulk fruit shipments after maturity inspections would govern only fruit moved by truck in Florida. Small citrus growers had hoped under the new law to be able to truck their fruit direct from the grove to other states. Two groups of Central Florida canners attacked the law as impractical and unworkable. They are the same two groups who fought the passage of the law and it is generally agreed that they will now attack it in the courts.

TALLAHASSEE—Florida will have a uniform hunting season for the first time this year. The Stats Game and Fresh Water Fish Commission this week adopted November 22 as the opening date on hunting all legal game. In the past, the season has begun on different days in different districts. Shooting will be permitted every day for the first six days of the season, but Mondays, Tuesdays and Fridays will be closed thereafter. The Commission also adopted a statewide ban on taking turkey hens and reduced the daily quail bag limit from 12 to 10 birds. Hunters appearing before the commission complained that the quail population was being shot out. The quail season will end February 1 except in Northwest Florida where well established quail plantations will be permitted to have bird hunting for an indefinite period.

TALLAHASSEE—Florida's estimated deficit for the next biennium is now only 55½ million dollars instead of the reported \$60 million. Official figures released this week by the comptroller's office showed that appropriations and estimated revenues fail to meet by \$55,522,412. At the end of the fiscal year on June 30, the state had a total balance of \$14,037,151, which included the transfer of funds from continuing appropriations which were abolished by the 1949 legislature. Estimated revenue is expected to come to about \$180 million, including the present balance, but the appropriations total over \$243 million. To meet this deficit temporarily, the state budget commission has ordered a 25 percent reduction in expenditures for the first three months of this fiscal year.

TALLAHASSEE—Reports from around the state indicate that a sales tax boom is on among liberal minded legislators. While it is not certain yet whether or not the inevitable special session of the legislature will pass any new taxes, if they do, it will be a sales tax of two or three percent. It is generally agreed among proponents of this tax that some necessities will have to be exempted to meet Governor Warren's approval, but legislators generally feel that these exemptions should be kept to a minimum. Governor Warren has vowed to veto a sales tax, but

has indicated that he would sign such a bill if it exempted the necessities of life such as food, clothing and medicine.

TALLAHASSEE—June was another bad month for "moonshiners" around the state. The state beverage commission reported this week they had captured 97 illegal stills during the month of June. Agents confiscated 1,888 gallons of bootleg whiskey, picked up 22 autos in connection with distillery operations and valued all seized property at \$27,240. The Tallahassee district led in the state in value of property confiscated, but the Jacksonville district led in gallons of mash picked up. The beverage department showed a collection of \$1,644,382 for the month, an increase of \$236,370 over last year.

TALLAHASSEE—Florida women are now eligible for jury duty, but very few have shown an interest so far. The 1949 legislature gave women the right to serve on juries if they so signified their intention and willingness. Dade County holds the lead among counties which report they are accepting registrations. Nearly 200 women have signed up for duty there. The law doesn't go into effect until August 1 and it is possible that women will begin to take more of an interest then. To be eligible to serve, women must be over 21, without criminal records and legal residents of Florida and their counties.

Lively's Honored With Spaghetti Supper

The Rev. and Mrs. A. J. Lively and family were honored with a spaghetti supper and farewell party at the home of Mr. and Mrs. C. T. Jackson Sunday evening following the vesper services at the church.

The Lively family will leave August 1st for Sebring where the Rev. Lively has been named rector of the Episcopal church there. He has served as rector of the Episcopal Church of the Holy Nativity in Pahokee, St. Johns Episcopal Church in Moore Haven and St. Martin's in Clewiston for the past three years.

Members of the church presented the couple with a silver tray. There were approximately 35 guests attending.

Miss Kaufman Given Farewell Party

Mr. and Mrs. O. Mack Murphy were hosts at a farewell party honoring Miss Ronnie Kaufman, a teacher in the Pahokee High School who will leave over the weekend for her home in Gary, Ind., at their home on Bacon Point Drive Tuesday evening.

The honoree was presented with many lovely gifts and refreshments were served to the following guests: Mr. and Mrs. Ellis O. Murphy, Mr. and Mrs. G. F. Kincaid, Mr. and Mrs. Paul Collier, Jr., Neil DeFampas and Pop Collier of Belle Glade and Mr. and Mrs. James Boger of West Palm Beach.

For The Ladies: A Diet That Really Works

We went out visiting the other night and the ladies were talking about weight-reducing diets. One of them had a special "15-day Hollywood diet" guaranteed to slim her down fifteen pounds' worth. Another was living on bananas and skim milk!

I might have known the missus

would get the bug, too, and sure

enough the other day she asks me,

"Joe, what kind of a diet do you

think I ought to go on?"

"Mother," I says, "the only diet

I would ever recommend to anyone

is simply moderation. I wouldn't

trust any of those get-thin-quick diets. Simply eat down on desserts, bread, butter, sweets and fats—but when you do, even do your cutting down moderately."

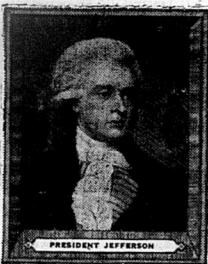

From where I sit, moderation is the watchword. Moderation with food, with smoking or with the enjoyment of a friendly glass of temperate beer or ale. Actually, moderation adds to the enjoyment of just about anything.

Let these 3 gentlemen send your son to college!

PRESIDENT CLEVELAND

PRESIDENT JEFFERSON

PRESIDENT WASHINGTON

If you start collecting these three faces today, they can send your son to college.

For these are the faces that appear on three of the U. S. Savings Bonds. Cleveland on the \$100 bond. Jefferson on the \$50 bond. Washington on the \$25 bond.

Collect one, two, three of these bonds every payday, and you'll have the money you need (in years ahead) to send your son to college. Or take your wife on trips. The money you need to buy that house, that boat, that second car.

For the money you put into U. S. Savings Bonds has a pleasing habit of making more money for you. At the end of ten years, when Bonds mature, you'll find that you collect four dollars for every three dollars you've put aside. And since

they are backed by the government of the United States, it is the safest investment any man could make.

The most wonderful part of it all, though, is the fact that you hardly miss the money you're saving when you join one of the two Automatic Savings Bonds Plans. For these two plans are painless, completely automatic. Your bank or place of business handles all the details.

So start making good friends with those three very famous gentlemen whose pictures appear on U. S. Savings Bonds.

Ask today about the Bond-A-Month Plan or the Payroll Savings Plan. They're the simplest, surest ways ever invented to save money.

Five Hospital Rooms To Be Furnished By Local Civic Groups

With assurance from civic organizations that at least five private rooms will be furnished by their groups, the Pahokee hospital directors are breathing easier this week. The Rotary club started the ball to rolling several weeks ago by pledging that the club would donate \$400 to furnish one private room.

Following the Rotary movement, the Business and Professional Woman's Club wrote the board of directors of the hospital that their organization would send along a check for \$400 and that "one of our club's aims is to help our city progress and we feel it is a privilege to make this donation at this time."

The membership of the Elks Lodge will donate \$400 to furnish one room and the board of trustees of the same lodge will also donate \$400 for another room—making two rooms to be furnished through:

Don Hillier and Sons contract bid	\$121,000.00
Extra on contract to raise hospital two feet above original plan, making it on a level with the highway	1,541.00
Architect's fee, which is a usual item	7,200.00
Cost of preparing, and validating bonds, including attorney's fees	2,400.00
Auxiliary wiring not figured in original contract, to furnish X-Ray room and operating room	2,000.00
Special electrical conduit and necessary wiring under highway to hospital	400.00
Cost of lot on which hospital stands	4,800.00
<hr/>	
Bond Issue	\$160,000.00
Expenditures	139,341.00
<hr/>	
Balance to help in equipping	\$20,659.00

It might be said here that members of the City Council in Pahokee are working cooperatively with members of the hospital board in an effort to get the most for their money. No stone is being left unturned by the two groups to save

a dime here and there when possible. The plan for operation calls for the hospital board to lease the hospital from the city and operate it with taxes received from the Northwestern Palm Beach County Public Hospital district.

Mr. and Mrs. A. D. Summerall of Canal Point, announce the birth of a daughter, Marlene Inez, July 21st.

Mr. and Mrs. Parnell Enecks of Pahokee, announce the birth of a son, William Robert, July 23 at the Pahokee Hospital.

Mr. and Mrs. J. M. Prince of Pahokee announce the birth of a daughter, Margaret Inez, on July 24.

Mr. and Mrs. David Blair Maver II of Pahokee, announce the birth of a son, David Blair III, July 25.

Mr. and Mrs. J. C. Tucker, Pelican Lake, announce the birth of a son on July 26th.

Chuck Acree Joins Venice Artists Guild

VENICE—The Venice Artists Guild, sponsors Florida's newest art school and cultural center, has added one of radio's outstanding personalities to its list of officials.

He is Charles (Chuck) Acree, creator and master of ceremonies of the CBS "Hint-Hint" show and of Mutual's "Man on the Farm" program. The youthful funmaker, who is also president of the Feature Productions agency of Chicago and Hollywood, has, agreed to become one of the guild's charter founders and its public relations advisor.

Acree visited Venice, a Sarasota County resort city, to complete arrangements with other guild officials last week. He left for Chicago by Eastern Air Lines air-

wards, but expects to fly back in his own plane within a month. He told a reporter he had decided to help sponsor the guild because he believes the cultural side of good living, as well as sunshine and other health factors, must be emphasized if Florida is to continue to grow.

Warren Comments On College Salaries

TALLAHASSEE — The Tampa Tribune reported Tuesday night that Gov. Fuller Warren has ratified the state board of control for authorizing salary increases for personnel at Florida's state-supported colleges at a time when other agencies are cutting employees off the payroll.

The governor's criticism, contained in a letter to board of control Chairman Thomas Gurney, was brought on by several articles by a Tribune staff writer reporting the college pay increases.

The writer, Jim Powell, reported in an article today that 1,072 persons at the university were drawing increases totaling \$39,000 a month.

Powell did not have the exact figures on increases at Florida State and Florida A. and M.

The Tribune quoted the governor's letter to Gurney as follows:

"It seems to me that the state, which largely supports our institutions, has at present a financial crisis that does not permit putting into effect all of the plans and policies which normally might be properly adopted."

"I am not unmindful that there are many teachers in our institutions who are not paid adequately. Furthermore, I realize that if sal-

B. K. ROBERTS

B. K. Roberts of Tallahassee will be the youngest Justice of the Florida Supreme Court when he goes on the bench September 1 as successor to Justice Paul D. Barns, who retired.

Roberts is 42 years old. His appointment by Governor Warren runs until the November, 1950, general election when he will be a candidate for election. Supreme Court Justices have had opponents in only a few instances.

Roberts was born at Sopchoppy, a little Wakulla county town about 40 miles southwest of Tallahassee. He attended public schools, and first knew Fuller Warren when they were classmates at the old Thomas Industrial Institute in DeFuniak Springs when Thomas D. Bailey, now State Superintendent of Public Instruction, was president of the school.

Warren and Roberts worked their way through the DeFuniak Springs school, and later worked their way through the University of Florida, where they also were classmates.

Roberts graduated from the University Law School in 1928, and has practiced since then in Tallahassee. He is a past vice-president of the Florida State Bar Association and past president of the Tallahassee Bar Association. He has

ary schedules are not properly handled, institutions elsewhere pick off some of our better personnel."

Warren added, however, that at this particular time, when Florida is faced with a financial crisis, pay increases are not in order.

"You (Gurney) and the board of control have been entirely too close to the financial needs of the state . . . not to know that we are faced with a serious situation," he continued.

"It is my considered judgement that just at this time it is advisable to authorize these increases. I should like to recommend to the board of control that, in line with all other departments, they meet our present — and I hope very temporary — financial crisis by not authorizing any salary increases."

an extensive law practice and has sizeable real estate, and other business interests including banking, livestock, forestry and auto-mobiles.

During the war, he served four years in the Coast Guard with the rank of lieutenant-commander. He was assistant legal officer for the sixth naval district and later U. S. shipping commissioner for the port of Jacksonville.

His wife is the former Mary Newman of Tallahassee. They have two adopted children. Mrs. Roberts is a member of the non-salaried State Welfare Commission. Mr. and Mrs. Roberts long have been active in community and civic work in Tallahassee.

Cinematic Chatter

By Malcolm Miller

When two meteors come together you can expect a terrific explosion—and that is just what happens when Burt Lancaster and Yvonne De Carlo come together in "Cris Cross" one of the most thrilling thrillers this popular actor has been cast in.

"Cris Cross" comes to the Prince Theatre, Sunday-Monday, and with a specially chosen featured cast of players, it will be one of the greatest shows of its kind that has been filmed locally.

The story is laid in Los Angeles and many of the scenes have been filmed on the streets with the business district as a back drop, and action that leaves you hanging on to your seat.

The story is tense, almost at the breaking point in many of its scenes, with scenes after scene drying your throat and clutching at your heart, so masterful is the direction and the portrayals.

Every moment of this adventurous picture will be memorable to you.

See you at the movies—Mal.

Sunday School Class Had Hamburger-Fry

Members of the Intermediate Girls Sunday School class of the Pahokee Methodist church entertained with a hamburger fry and out-door party on the church lawn Thursday evening. Following the supper, games were played and group singing was enjoyed. Mrs. Frank Friend, teacher of the class, supervised the party. Approximately 16 attended.

Christian Science Society

CHURCH OF CHRIST,
SCIENTIST

"LOVE" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, July 31.

The Golden Text is: "Be perfect, be of good comfort, be of one mind, live in peace; and the God of love and peace shall be with you" (II Cor. 13:11).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him" (I John 4:16).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Not materially but spiritually we know Him as divine Mind, as Life, Truth, and Love. We shall obey and adore in proportion as we apprehend the divine nature and love Him understandingly, warning no more over the corporeality, but rejoicing in the affluence of our God."

The Christian Science God is universal, eternal, divine Love, which changeth not and causeth no evil, disease, nor death" (140:7-12, 25-27).

Belk - Bronson

Miss Phyllis Maurine Belk, daughter of Mr. and Mrs. George M. Belk of Pahokee, became the bride of Theodore Robert Bronson, son of Mr. and Mrs. J. H. Bronson of West Palm Beach in a candlelight service at the Wagg Memorial Church in West Palm Beach, Thursday, July 28th at 8 p.m.

Vows of the double-ring ceremony were exchanged before an altar banked with white gladioli, tuberoses and asters against a background of palms, with the Rev. William Blair, pastor, officiating. A program of nuptial music was played by the organist of the church prior to the ceremony and Robert O. Lampi, soloist, sang "I Love You Truly," and "O, Promise Me."

The bride, given in marriage by her father, wore a gown of white pincushion fashioned with basque waist, square neckline and cap sleeves. The neckline and full skirt were finished with lace inserts and the brief sleeves were edged with lace. Her illusion veil was caught to a hand-designed cap of lace and orange blossoms and she carried a white prayer book centered with purple-throated orchids.

The bride's only attendant was Miss Elvina Schilling of West Palm Beach, maid of honor. George Belk, Jr., brother of the bride, was best man and Jay Bronson, brother of the bride groom, and Sam Belk, uncle of the bride, were ushers.

Mrs. Belk chose for her daughter's wedding a pink crepe dress with white accessories and a corsage of white rosebuds. Mrs. Bronson wore a bemberg print with white accessories and a corsage of yellow rosebuds.

Following the ceremony a reception was conducted at the parsonage. Assisting Mrs. Belk were Mrs. J. Leo Maxwell who poured; Mrs. Ona Robson and Miss Joyce Belk, of Miami, aunts of the bride, who served at the bride's table.

Following a honeymoon in Key West and Cuba the newlyweds will make their home in West Palm Beach where Mrs. Bronson is a student nurse at the Good Samaritan Hospital nursing school and Mr. Bronson is connected with a Life Insurance Company.

Mr. and Mrs. T. S. Kirk and sons, Steve and Bill will leave Monday for Roanoke, Va., where they will visit her brother-in-law and sister, Mr. and Mrs. Loomis Kelley. Before returning to their home here they will visit his brother and family Mr. and Mrs. P. W. Kirk in Portsmouth.

Two Jacks & A Queen Takes First Prize

Another stacked house of enthusiastic flesh show lovers greeted Malcolm Millar's Talent Scout Night, held at the Prince Theatre Tuesday.

An act billed as "Two Jacks and a Queen", the queen at the piano Patsy Maxson, accompanied Land Shirley, saxophone and Dwight Geiger, drums, in two sweet numbers, ending with "St. Louis Blues." Their first place award was given unanimously.

Little Miss Myra Jones, with Elmer at the piano, took the second place with her rendition of "Brush Those Tears From Your Eyes" and "Let Me Call You Sweetheart." This little lady displayed marked talent.

Mr. Miller opened his show with Patsy Maxson playing Mr. Hugh Ridderour's "In Old Kentucky" and Gray Skies, "bearing the stamp of the Stephen Foster influence, these numbers were awarded a healthy round of applause.

Little Bonnie Jean Anderson, from Belle Glade, captured the hearts of every member of the audience with her personality, childlike freshness and delightful singing.

ing, literally rocking the rafters with unrestrained applause.

Donna Lee Upthegrove pleased with two renditions on the piano, displaying young talent that will in time bloom in harmony and beauty if she has proper training.

Anita Burns sang "Christ For Me" and "Candy Kisses" in beautiful voice, full and round and room filling receiving unstinting applause.

Rita Hurt's "Doll Dance" and "Twelfth Street Rag" on the piano caught the house for a fine round of applause.

Joan Morse yodeled two numbers to receive a great hand for her effort. And Ada Lou Tillman got an appreciative hand for her offering of two songs.

Mr. Millar announced that next Tuesday night will be the week of the finals, at which time the grand first winner will be awarded an Admiral radio by the Glades Mercantile and a silver loving cup by Parish Jewelry, and the grand second winner will receive a U. S. Savings Bond. Ten acts will compete.

Mr. Miller opened his show with Patsy Maxson playing Mr. Hugh Ridderour's "In Old Kentucky" and Gray Skies, "bearing the stamp of the Stephen Foster influence, these numbers were awarded a healthy round of applause.

Young Peoples Group Serve Chicken Dinner

Members of the Methodist Young Peoples Fellowship group of the First Methodist church served a chicken dinner at the Woman's club building Monday evening to raise funds to pay expenses of two delegates to the Young Peoples assembly in Leesburg August 15-22. \$40.20 was cleared on the project. Anna Lee Hurt and Bobby Schroder will go as delegates from the local organization. Mrs. Manning, I. Keen, counselor, was in charge of dinner arrangements.

Mrs. J. V. Thomas and children, Jackie and Nancy left Thursday for Sanford where they will visit her brother-in-law and sister, Mr. and Mrs. E. G. Kilpatrick for a few days before going to Marianna where they will visit her parents, Mr. and Mrs. H. A. Lee. They will be accompanied to Marianna by Bob Kilpatrick. Mr. Thomas will join them over the week-end for a week's visit.

Mr. A. M. Alley, who has been visiting his son and daughter-in-law, Mr. and Mrs. Clyde Alley left this week for his home in McAndrews, Ky. On his return he will visit his brother in Cincinnati.
